

STEPS IN THE FAMILY MEDIATION PROCESS

CONTACT US (Phone, e-mail or text)

You contact us about mediation; how the process works, fees, scheduling & outcome of mediation.

INFORMATION

We provide information and ask whether you want to set mediation or contact the other party and ask them to mediate.

SCHEDULING

We schedule the mediation and send Agreement to Mediate for signing and invoices (shared as agreed).

INTAKE SESSIONS

We hold confidential intake sessions with each party (phone or in person). This enables parties to explain the background and discuss how they want matters resolved.

MEDIATION

The mediation is held (usually at our office in North Fremantle or by telephone/video where agreed). We discuss and, hopefully, resolve the issues and reach an agreement.

AGREEMENTS FINALISED

We draft an agreement in a form that enables you to file it in the Family Court as an Application for Consent Orders and provide a guide to enable you to do that.
